It takes genius to produce

OLD GRAND-DAD

Only an infinite capacity for taking pains could produce the uniformly rich, mellow, heart-warming flavor of Old Grand-Dad. And that's what genius is! Infinite pains in the selection of the grain, in the direction and control of every step in the distilling process, and in preparing the barrels in which Old Grand-Dad ages four years or more in bonded seclusion. The result is, of course, what you would expect.

Preamble to the Constitution . . . of The American Legion

FOR God and Country, we associate ourselves together for the following purposes: To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred per cent Americanism; to preserve the memories and incidents of our associations in the Great Wars; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom, and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

GEORGE N. CRAIG

National Commander
The American Legion

THE AMERICAN LEGION is assembled in its 32nd national convention here in Los Angeles to elect its new officers and chart its course for the ensuing year as our Country faces a continuing emergency in the clash of the forces of Freedom with those of Communism.

The American Legion has long foreseen such a clash. It has labored zealously to strengthen the bulwarks of American defense against attacks both from within and from without. Yet despite our best efforts, brave Americans on the fields of battle today are paying the price of inadequate training and of insufficient equipment.

Today our energies must be focused once again on winning the victory. In that over-riding endeavor, the effectiveness of The American Legion is limited only by its strength. Its strength comes from its membership. In that lies our power for accomplishments.

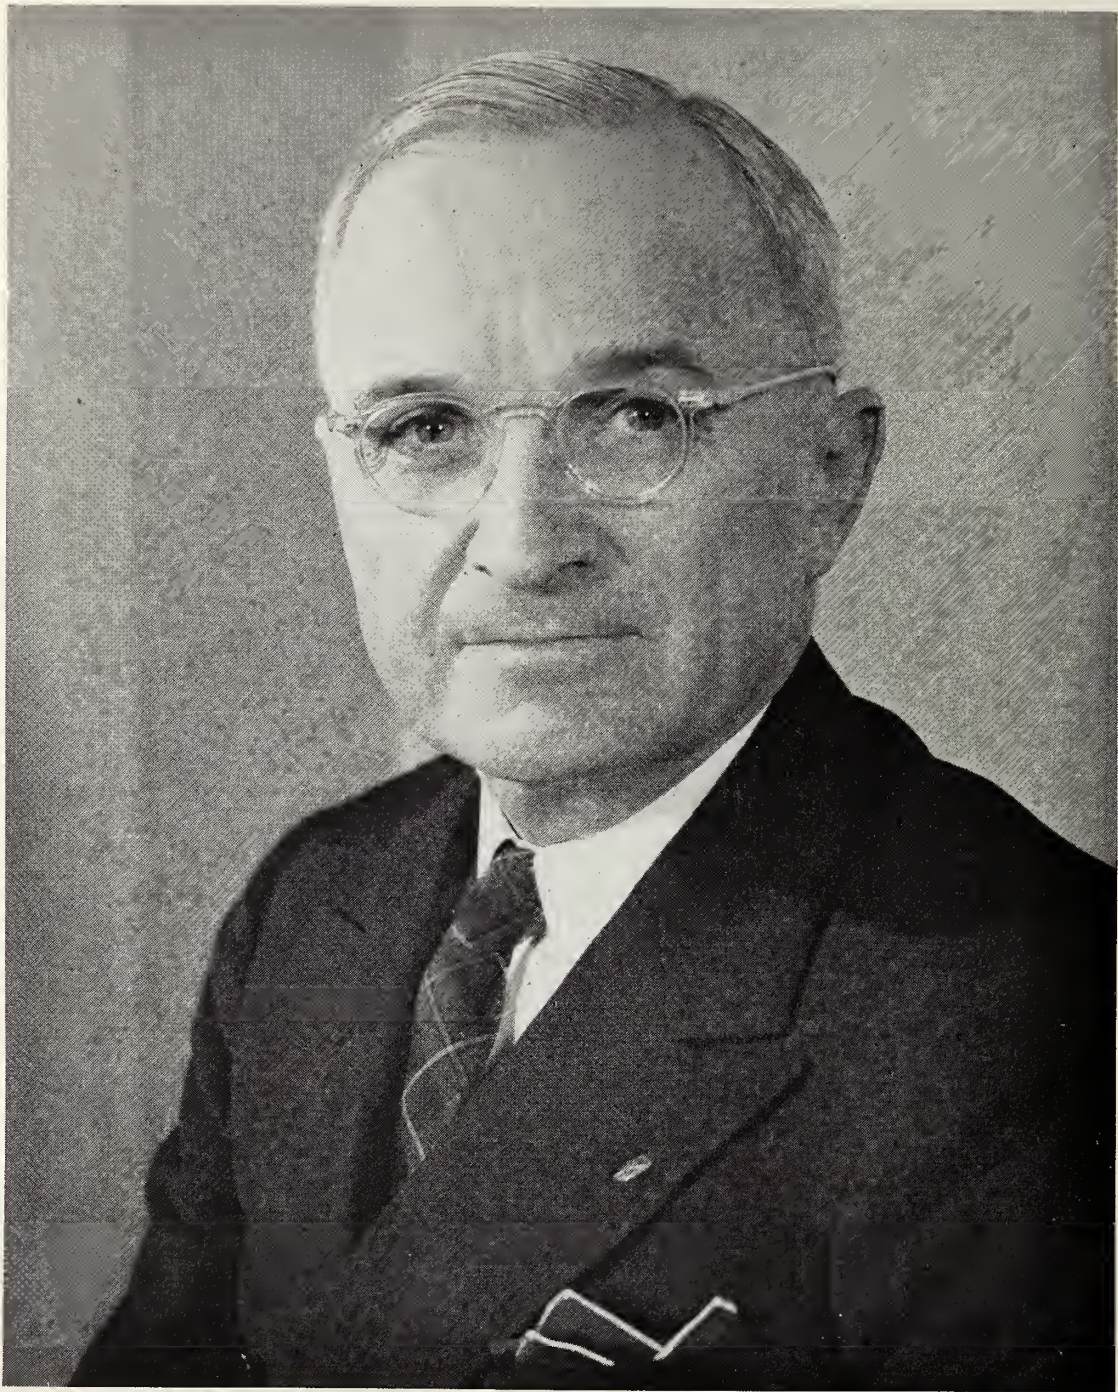

Not every veteran can again bear arms. But every veteran can do his full part on the home front. By joining The American Legion he can magnify his individual contribution.

In the massed unity of millions of veterans in The American Legion lies the secret to immeasurable service to God and Country.

Behind our service to God and Country in the future must be the punch of the wrath of Freedom which can only come from such a record enrollment of World War I and II veterans in The American Legion.

It is my prayer that from this convention there will fly the sparks of patriotic enthusiasm that will set every Legionnaire on fire with the ardor to build The American Legion through expanded membership. There is a role for every veteran in The American Legion. Let us leave this convention with the firm resolve that every eligible veteran will be extended a personal invitation by some Legionnaire to enlist under the Gold and Blue Colors of The American Legion—FOR GOD AND COUNTRY!

1950 National Convention
Los Angeles, California

My dear Commander:

We in California are honored that our State was selected for the 1950 National Convention of the American Legion. I send greetings and a warm welcome to those attending.

We are grateful to the Legion, not only for its long-standing service to veterans, but also for its interest in good citizenship and good government. Legion posts everywhere are known for their leadership in community, state and national affairs, and their efforts have meant much in keeping our country strong.

Annual conventions such as this provide a forum for the expression of views and ideas, and help to insure the continued vigor and effectiveness of the Legion's many worthwhile programs.

I am confident that during your sessions much will be accomplished that will contribute to our national welfare and the defense of our way of life.

With best wishes, I am

Sincerely,

Governor

Honorable George N. Craig
National Commander
The American Legion
Indianapolis, Indiana

Dear Comrade Craig:

Los Angeles is looking forward with pleasure to serving as host city to the 32nd Annual National Convention of the American Legion, October 8 to 12. We are proud that the veterans of two world wars have chosen to meet in this city. The meeting will undoubtedly see the further strengthening of the program that has already accomplished so much in safeguarding the rights of those Americans who were called upon to take up arms in defense of our nation, and the continuation of your effective campaign against subversive influences that seek to worm their way into our democratic system of government and undermine its foundation.

It is a happy coincidence that your 1950 National Convention is to be held in Los Angeles as this is our Centennial year, marking the 100th anniversary of the incorporation as a city under United States rule of the incorporable, now the West's largest metropolis.

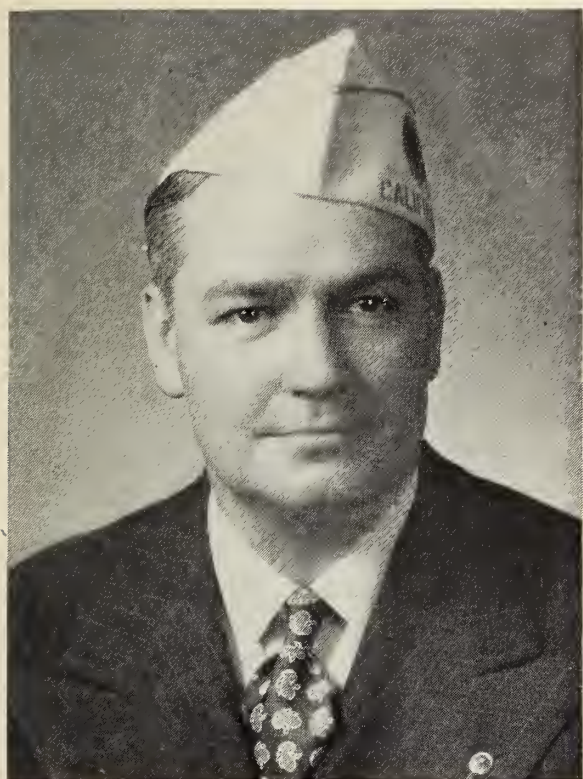

We are expecting a large attendance, one of the largest in the history of American Legion conventions, and we are making plans to receive veterans from all states of the Union and from other places throughout the world wherever they may be temporarily residing. Although our hotel and other facilities may be taxed, every effort will be made to make all comfortable and to see to it that everyone - comrades and their wives, relatives and friends - has a good time and that the stay of each delegate and visitor will be profitable as well as pleasant.

I am confident that your 1950 National Convention will be the most successful the Legion has ever had. We of Los Angeles will do all we can to make it so.

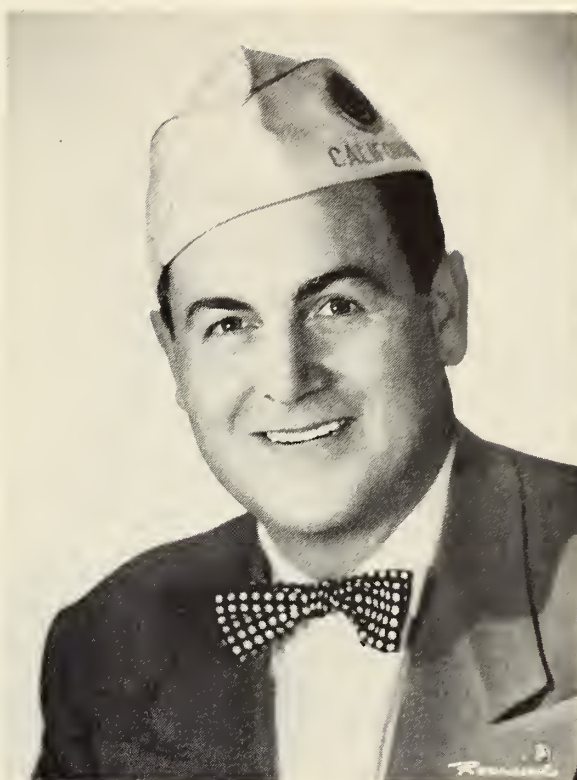

Cordially yours,

Fletcher Bowron
MAYOR

THE GOLD MEDAL WINNER

California's own World's Fairs, both San Francisco and San Diego, awarded highest honors for Excellence of Product to California's own beer.

Eastside, the Gold Medal Beer, has maintained its reputation for excellence down through the years for more than half a century—the first choice with millions of Californians. We proudly display these award medals on the neck label of every bottle.

The finest ingredients the world affords, brewed under the strictest laboratory controls—patiently, *naturally* aged—which adds up to just *one thing*—just *two little words*—*better taste*.

A TOAST

TO THE

American Legion

Here's to you—for cherishing the American way of life . . .

Here's to you—for seeing clearly the blessings and opportunities of our democracy . . . where all of us may live, work, play, study, vote, worship and speak our minds as free men and women . . .

Here's to you—for helping to keep the American ideal untouched by fifth-column infection . . .

Here's to you—for helping to stand guard against all "isms" alien to the rights of man . . .

Here's to you—for helping to serve and comfort those of our land who have dared death on the battlefronts of freedom . . .

Here's to you—for helping to build and preserve the indestructible edifice that is America!

**Blatz is Milwaukee's
Finest Beer!**

says *Victor McLaglen*

Famous Movie Star, owner of
McLaglen Purebred Jersey Farms, Clovis, Cal.

"I've traveled all over the world," says Mr. McLaglen, "and nowhere else do they brew beer of Milwaukee quality. And, of all Milwaukee beers, none equals Blatz. It's Milwaukee's *finest*. I lived there and I ought to know." Yes! Official figures prove that Blatz is the largest-selling beer in Milwaukee and in all Wisconsin, too. Try Blatz Beer, today.

"Hollywood is a long way from Milwaukee," says Mr. McLaglen, "but distance has not diminished nor time dimmed my delight in my first bottle of Blatz."

"Here, in California, Blatz is still my favorite beer and, on the farm, I always see to it that there's always some of 'Milwaukee's finest' cooling for myself and friends."

WE DARE THEM ALL!

PHILIP MORRIS challenges any other leading brand to suggest this test

In Just ONE MINUTE...you can prove to yourself PHILIP MORRIS is definitely less irritating — therefore **MORE ENJOYABLE** — than the brand you're now smoking*

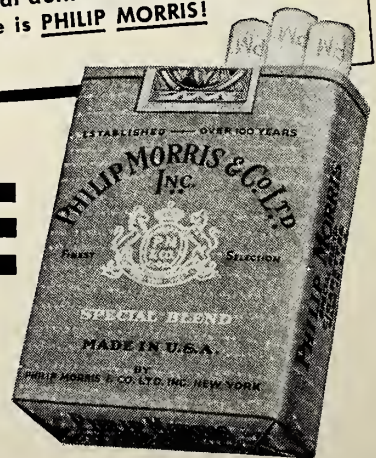

1... light up a PHILIP MORRIS.
THEN, just take a puff—DON'T INHALE—and s-l-o-w-l-y let the smoke come through your nose. Easy, isn't it? And NOW...

2... light up your present brand.
Do exactly the same thing—DON'T INHALE. Notice that bite, that sting? Quite a difference from PHILIP MORRIS!
MAKE NO MISTAKE... Only ONE cigarette is recognized by eminent medical authorities as definitely less irritating. That cigarette is PHILIP MORRIS!

NO CIGARETTE HANGOVER

means MORE SMOKING PLEASURE!

CALL

Welcome, American Legion!

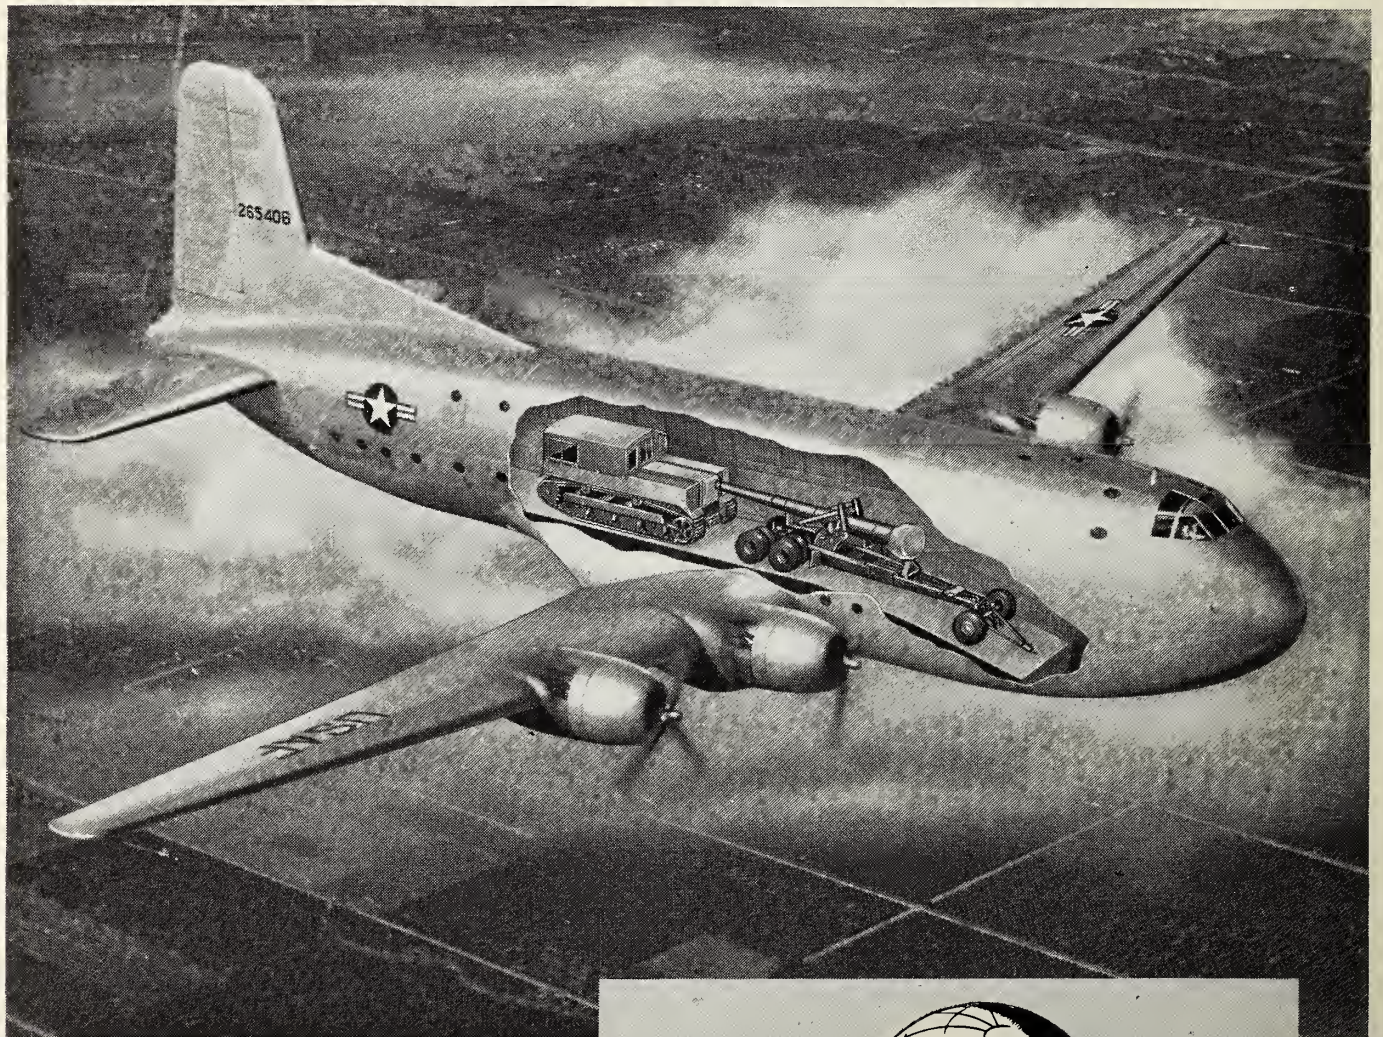

GIANT ALL-PURPOSE AIRLIFT
Douglas C-124—most versatile and flexible cargo
and troop carrier in the air today.

All Los Angeles joins in extending the hospitality of this city to the American Legion now holding its 32nd National Convention here.

For more than thirty years the American Legion has done yeoman's work on behalf of aviation. The alert members of this organization realize full well that only by keeping America strong in the air can we keep America free.

And during this same three decades, Douglas engineers and craftsmen have worked constantly to increase the speed and performance of aircraft—both military and commercial. In these uncertain times, there can be no compromise in our relentless efforts to help maintain America's supremacy in the art of flight.

WHAT TIME IS DEFENSE?

A great airplane is more than swept-back wings and a Mach number.

It is a product of plans and planning...of vision and action...of ingenuity and skill.

It begins with America's determination to remain free. This ideal, forever foremost, requires a vigilance, forever active. It inspires our Air Force to constant research and planning. It stimulates American industry to unmatched invention. And it draws from free American labor vastly superior skills and energies.

But, above all, a great airplane is the product of time—time in research, time in planning, time in designing, developing and building. You can't put time in moth balls, nor buy it back from surplus. Today's new planes were yesterday's plans. Tomorrow's Air Force is being planned today.

Defense is a constant challenge, efficiently accepted and dynamically answered by the U.S. Air Force. The Lockheed F-90 Jet Penetration Fighter, ready for production today, is the product of planning that began more than five years ago.

What makes a fine car FINE, Ford HAS!

"Compare Ford with the most expensive car on the road"

Ride for ride, it doesn't take its hat off to anybody! From the new front seat with non-sag springs and buoyant foam-rubber cushion, to the hushed "Mid Ship" ride in the "sound-conditioned," heavy gauge steel "Lifeguard" body, you get comfort that's in a class by itself!

"That V-8 whispers while it works"

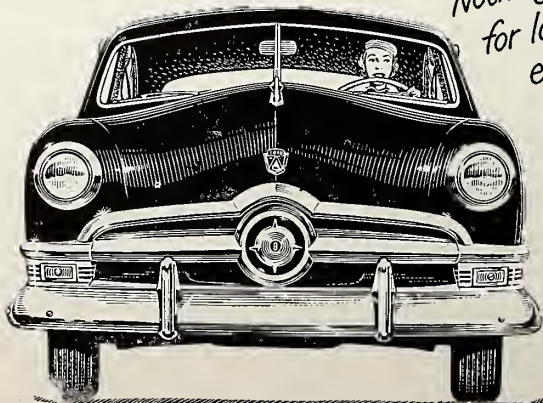

Power per pound, ah, there's the secret of that sweet Ford "feel"! The '50 Ford has a new 100 horsepower V-8, the same type engine used in America's finest cars, and it runs so very quietly you'll say: "It whispers while it works!"

"You can hardly hear it"

Safety for safety... Ford takes the cup here, too, with those "King Size" Brakes that gentle you down to a full stop with 35% less pedal push! And those big windows give you a "look see," fore and aft, that's really something to cheer about!

"Nothing touches Ford for looks either"

Fine, yes, fine at low dollar price! Just add up the things you call "fine"—style, comfort, performance, safety—you get 'em all in the '50 Ford plus another little item big cars can't even claim, and that's economy!

"TEST-DRIVE" A '50 FORD
before you buy any car!

*T*he great freedoms we enjoy are the greatest heritages of the American way of life.

These freedoms were made possible by those courageous Americans who fought in our many wars.

These great freedoms made it possible for our industry to supply quality alcoholic beverages for the enjoyment of the people and at the same time contribute honest employment to many thousands of persons and taxes to our government in excess of a billion dollars each year.

Representing a product of freedom, we salute each member of the American Legion for his continued support of the American way of life.

This will be music to your ears

If you appreciate good whiskey and good value, here are two facts that are really well worth listening to:

-  Four Roses is a whiskey of the very finest flavor and quality.
-  Its reputation is unsurpassed by any other brand on the market—even brands costing considerably more than Four Roses.

No wonder Four Roses outsells every other whiskey at or above its price—and most other whiskeys at any price.

Wouldn't you rather drink
FOUR ROSES

Frankfort Distillers Corporation, N. Y. Blended whiskey. 90.5 proof. 60% grain neutral spirits.

**who said
anything about
RANK?**

Not in The Legion . . . Nobody asks whether you are a bugler or a brigadier. Plenty of buck privates are Post Commanders or better.

In The Legion it's the *man* that counts—not the label that's on him.

Can you apply the same rule to bank credit? Well, Bank of America did it, and found that *the butcher, the baker, and the candlestick maker paid their bills just as well as the Captains of Industry!*

The economic life of our nation has expanded tremendously because of the sound credit record of the average American.

We are proud of our part in this record, and we want to say THANK YOU to the "little fellows" and the "big fellows" alike who have helped us make this bank what it is.
